for the marriage of Miss India Mahel Robinson, daughter of Dr. William Laville Robinson, of Danville, to James T. Catlin, Jr., the ceremony to be performed on Tuesday evening, April 11, at 9 o'clock, in the Main Street Methodist Church, Danville, A large reception will follow the ceremony at the church.

The wedding will be a very brilliant affair, and a number of prominent out-of-town guests will go to Danville for the ceremony. Miss Robinson has several times visited in Richmond, and is oll known in society of the State.

Major and Mrs. James II, Dooley, the Misses Elder, the Misses Alkinson and Fitzhugh Elder spent a day this week at Mountain Top, near Staunton, where Major Dooley met an architect and a landscape gardener and arranged for the summer home which he will build there very shortly.

Major and Mrs. Dooley's home, "Maymont," near Richmond, is one of the isandsonest places near town, and they do a great deal of the most brilliant entertaining that is done in Richmond. Their summer home near Staunton will probably be quite as beautiful 2s that lere. The situation is perfect, and it is a very old and interesting estate.

master Stith Bolling has carefully canvassed the sentiment of the community on the question, and has found practically unanimous in favor of Sunday closing. The business men, the business organizations, the churches, the patrons generally of the post-office approve it. There has been no petition or request from the employes of the post-office for the closing. The matter now rests with the department at Washington, and it is believed the sentiment of the community will be respected.

Ashland News Notes.

Ashland, Va. March 31.—The town of Ashland is to have a new flowe gasoline fire engine, which will cost \$1.750. This was determined at a meeting of the Town Council and Fire Company held last night. An allowance of \$460 will be made for the old engine. The Fire Company will contribute \$750 and the Town Council and the company will arrange for the balance, \$540 which is to be paid at a future date. The machine will be the best type made by the company, with all of the latest improvements, and will weigh about 3,000 pounds. It is to be on ball-bearing running gear, and will be delivered in about five weeks. This with the plug system now partially established will give the town excellent fire protection.
